WEDDING PHOTOGRAPHY

I have been passionate photographer for the past 15 years and have created my specialist wedding photography service. I appreciate how important your wedding day is and will give you a selection of stylish and contemporary images that you will be proud to share with your friends and family.

I like to shoot in an unobtrusive natural reportage style, watching and recording the day as it happens. I will photograph your wedding day whether it is a large or small family gathering and will provide your pictures on my website with a password protected gallery where you and your guests can order photos, in addition to this I can supply you a beautiful album, coffee table book or simply your images on a USB for you to have full use of.

I'm based in London, and I'm available for wedding photography in London and the surrounding counties, but I love to travel throughout the UK and for destination wedding photography abroad. I am member of The Society of Wedding Photographers & Royal Photographic Society.
